

PRASHANT KUMAR

Associate Product Manager · AI-Native Product Builder · Enterprise B2B SaaS

Gurugram / New Delhi, India · prashant.kumar3058@gmail.com · +91 7992343058 · [Portfolio Link](#) · [LinkedIn](#) · [Git Profile Link](#)

SUMMARY

Associate Product Manager with 5+ years of experience in enterprise B2B. First designer hired at Lightstorm; built the Polarin Network-as-a-Service (NaaS) platform from 0-to-1 and earned two promotions into full product ownership. Own the developer and customer portal roadmap end-to-end, from discovery and PRDs to prototyping and production deployment, shipping frontend changes directly using Claude, Figma, VS Code and Vercel. Results include 3× growth in self-service adoption, 40% less design-to-development handoff effort and a ~50% reduction in outsourced vendor dependency.

EXPERIENCE

Lightstorm · Gurugram, India Oct 2022 - Present

Promoted twice: Executive UI/UX Designer → Senior Executive UI/UX Designer → Associate Product Manager

Associate Product Manager Jan 2026 - Present

- Own the Polarin developer and customer portal roadmap end-to-end, setting priorities from support data, usage analytics and customer interviews.
- Lead sprint and release planning with engineering, translating priorities into PRDs, user stories and acceptance criteria.
- Deploy frontend changes to production hands-on using Claude, VS Code and Vercel, reducing outsourced vendor dependency by ~50%.
- Build AI-assisted prototypes and proofs of concept to validate ideas with users and stakeholders before committing engineering effort.
- Remain accountable for UX and design quality across the platform while driving product priorities.

Senior Executive UI/UX Designer Jan 2025 - Dec 2025

- Converted customer feedback, support insights and operational pain points into structured requirements, user flows and implementation-ready specs.
- Designed self-service portal journeys that contributed to 3× growth in customer self-service adoption.
- Evaluated product decisions against usability, technical feasibility and commercial goals, shaping which initiatives reached the roadmap.
- Contributed to roadmap planning, release discussions and stakeholder reviews; led cross-functional alignment across product, engineering, operations and leadership.

Executive UI/UX Designer Oct 2022 - Dec 2024

- Joined as the first and only designer; defined the structure, core flows and screens for every Polarin customer portal module from 0-to-1.
- Created the Polarin design system (tokens, components and patterns) used across every product surface, reducing design-to-development handoff effort by 40%.

Peepal Design · Bangalore, India Sep 2021 - Oct 2022

UI/UX Designer

- Redesigned 3 enterprise B2B products for Portico, G+D and TP Vision, increasing task completion by 28% and reducing drop-off by 35%.

SKILLS
